

Clinical Pharmacist

24hrs per week

Salary: dependent on experience and qualifications £45k- £50k WTE pro rata

Join our warm and patient-centred practice in the heart of our semi-rural community. Enjoy a fulfilling 3 day per week role, where you'll be welcomed by a friendly team dedicated to providing exceptional care. Enjoy the South Lakes area, while making a meaningful impact on the health and well-being of our community. Competitive salary and supportive work environment await you.

We are 2 site, dispensing practice in Kendal with around 17,500 patients keen to attract caring, motivated, and passionate colleagues. We offer a wide range of enhanced services including minor surgery, coil/implant fitting, plus Dermatology and ENT GPwER clinics. We are a Veteran friendly practice, proactive in women's health and aim to develop an enhanced approach to men's health. We are a GP registrar and medical student training practice with an active frailty and care home support team. We are part of an excellent Primary Care Network and supported with clinical services from a wide range of disciplines.

The role

Within this patient facing role you will provide person-centered, coordinated care for our patients. You will support the practice medicines optimisation work and have input into the following areas:

- Structured Medication reviews
- Oversight of repeat prescribing requests and systems.
- Management of medicines following admission and discharge to hospital
- Acute prescribing for minor ailments and common illnesses
- Supervision of monitored dosage systems processes.
- Conducting medication reviews and giving advice to patients
- Management and support of patients with long term illness
- Clinical reviews of care home patients.
- Polypharmacy medication reviews
- Provide primary support to practice staff for prescription and medication queries.

In addition, the post holder will be involved in encouraging the development of better understanding of the principles of medicines optimisation throughout the practice teams and with other stakeholders and promoting good practice in line with therapeutic developments. It would be an advantage if you were an independent prescriber but training and support to become an independent prescriber will be available if required.

Why come and work with us?

We can offer you an invigorating and supportive working environment with excellent opportunities for career development. You will be working alongside compassionate colleagues, who strive for a good work / life balance while achieving high-quality patient care. We offer weekly clinical MDT meetings and scheduled clinician coffee time mid-morning each day, and Kendal is a great place to live and work.
